

HorolithActive

Powerful acidic cleaner for milking equipment and milk tanks.

- ▲ Water saving due to no pre-rinse
- ▲ Low consumption
- ▲ Low level of milk soiling used as activator

APPLICATION

After milking remove as much of the milk as possible (without water pre-rinse). Clean with **HorolithActive** at 0.25% (minimum 10 min. at min. 40°C and maximum 75°C). Rinse with water of drinking quality. MUST be used in daily rotation with **AseptoActive**.

FEATURES AND BENEFITS

HorolithActive is an acidic product with excellent scale removing and cleaning properties. It has a low usage concentration of 0.25%. The oxidising properties are activated in the presence of milk (1% v/v) in the cleaning solution.

The **Active** products can be used without pre-rinse, enabling to save water up to 35%. They also prevent the release of chlorine into the environment.

SPECIFICATIONS

HorolithActive	
Physical form	Clear, yellow liquid
Active substance	Hydrogen peroxide, Phosphoric acid
pH at 20°C:	0.5 - 1.0
Density at 20°C (g/cm ³):	1.30 - 1.36
Storage temperature:	-20°C to +30°C

LOGISTICS

Packaging	25 kg
Product code	2321830
EAN code	4028162321838
