

3D TRASAR™ Technology for Reverse Osmosis

FUTURE-FORWARD WATER PURITY THAT'S ONE STEP AHEAD

**Optimize Your Reverse Osmosis Systems with
Operational Insights to Assure Production with Confidence**

EXTEND MEMBRANE LIFE
with real-time, continuous monitoring
to minimize system upsets

ACHIEVE CONSISTENT WATER QUALITY
through non-stop chemistry optimization

MINIMIZE UNPLANNED DOWNTIME
through reporting and insights that
inform on-site actions

MAXIMIZE OPERATIONAL EFFICIENCY
with on-call expert support and 24/7/365
reporting and analysis

REDUCE LABOR COSTS
through world-class automation

HELP ACHIEVE SUSTAINABILITY GOALS
through constant visibility into RO efficiency

At Ecolab, we are in perpetual innovation mode so you can stay one step ahead. Explore our leading-edge, comprehensive water purity management program powered by unrivaled digital intelligence.
